That the United States notes so deposited in the treasury of the United States shall not be counted as part of the legal reserve; but the certificates issued therefor may be held and counted by national banks as part of their legal reserve, and may be accepted in the settlement of clearing-house balances at the places where the deposits therefor were made.

SEC. 3. GRANT AND WILSON—HARTRANFT AND ALLEN.—We propose holding meetings at the following named times and places. The best speakers to be obtained will be in attendance and address these meetings. The "Tidal Wave" or "Grand Swell" which was to have swept across the continent and carried the Sage of Chappaqua into the White House, has failed to come to time, and we now find Horace Greeley floundering about with no organized party at his back, whilst Gen. Grant sails along calmly and smoothly toward the coveted prize, with scarcely a riffle to mar the way.

Republicans, we have been victorious on every side. All eyes are turned to Pennsylvania, which is to be made the battle-ground in the contest. Huntingdon must do her share of the work. Our friends are earnestly urged to make these meetings large and enthusiastic. See that nothing is left undone. Work, work, prompt, quick, active work is what we want, and the result is assured.

MAINE TO THE FRONT!

THE GREELEYITES NOWHERE!

16,600 Majority for the Republicans!

Perham, the Republican candidate for Governor of Maine, was elected, on Wednesday last, by 16,600 majority. Thus it goes! Now for Pennsylvania!

☞ Democrats, you who have never faltered in the past, read the card of honest Miles Zentmyer, Esq., in another column, and see whether you can indorse Speer's manner of treating Democrats who differ from him.

☞ The Liberals have tendered Hon. A. G. Curtin a nomination for Delegate at Large to the Constitutional Convention. This is a little bit of chicanery to get the prestige of the honorable gentleman's name. Gov. Curtin has not accepted yet, and it is not probable that he will.

☞ Read the card, Democrats, of Mr. Zentmyer, in another column, and see how Mr. Speer treats young men—soldiers—who stand by the old ship. Will you allow Mr. Speer to *crush* your young men in this way? If you do we advise every young man to desert the ship at once!

☞ Under Mr. Speer's frank, documents are being circulated to prove that none of the National Debt has been paid. A Democrat handed us one of those the other day and said he was sorry that Mr. Speer thought the Democrats were so ignorant.

☞ We have received the first number of John M. Cooper's Democratic *Statesman*, published in Philadelphia. We are personally acquainted with the editor and know him to be a democrat of the strictest sect. He goes for Greeley with a vengence!

A POOR MAN.

"Mr. Buckalew is not ashamed to say that he is a poor man," says the N.Y. *Tribune*, which at present takes a deep interest in Pennsylvania politics. No, BUCKALEW is not ashamed to do or say anything. He has not been ashamed to pocket over $100,000 of State and national money within the past eighteen or twenty years, "poor man"! He was not ashamed last winter to thrust his hand into the State Treasury and draw out $500 for "extra" services on the McClure-Gray Committee, to which he had not even the shadow of a right, "poor man"! He was not ashamed to sit in his seat in the United State Senate voting against every war measure, and drawing his $6,000 salary per annum, "poor man"! He was not ashamed to visit Canada and associate with Saunders, Thompson and Holcombe who were conspiring to burn Northern cities, introduce the yellow fever into Washington, and stir up resistance to the government in the Western States—poor man! He was not ashamed to encourage the "insurgents" and the malcontents of Fishing Creek to resist the draft, and now he is not ashamed to come before the people and beg them to give him another office in the face of the shameful record of his public career. Poor man! Before this campaign is over he will be still poorer. Stripped of the specious garb thrown about his character as a public servant and exposed to the light in his true nature, his poverty will be such as to leave him without friends, even in his own party. The certain defeat which this aristocrat, cold-blooded and heartless, will meet at the hands of the people in November will shelve and put him away from sight the remainder of his life. Poor man! poor man!—*Pittsburgh Dispatch.*

☞ Does the *Globe* recommend its candidate to Republican voters because while the Republican candidate was fighting his country's battles its candidate was at home elated by rebel victories and prophesying the ultimate overthrow of the union armies? Or, is it because the *Globe's* candidate has two arms while the Republican candidate has but one? Or is it because its candidate has been so careless in the performance of his official duties as to be publicly reprimanded at nearly every term of court since his election? Or, is it because that reliable and truthful man of the *Globe* urges an offence against the Republican candidate that nine-tenths of the Republican party have at one time or other committed?

☞ Hon. R. Milton Speer is again on the electioneering path, and in his peculiar, plausible, kind manner, is modestly attempting to induce Republicans to once more vote for him for Congress. He wishes to extort from those differing from him, on vital political principles, a promise to vote for him, as a citizen and neighbor.—But this little game of an experienced political schemist is played out. He is known as a sly demagogue—a man of *principle in proportion to his interest*—and whose governing motives and promptings are selfish—exclusively for himself. The interests of the people are a secondary matter with him.

☞ The *Globe* candidate for Prothonotary has entirely failed to perform the duties of his office satisfactorily to the persons who have most business to do there. He makes his official duties subservient to his interest as a Street Broker, and if, with the prospect of a second election in view, he has thus made his duties a secondary matter, what can be expected of him should he be re-elected and when he has nothing further to expect?

Myton has but one arm, and cannot perform the duties of the office.—*McNeil to Republican voters.*

☞ Oh no, McNeil, that little game won't work. There are two many one-armed soldiers, occupying this position in other counties, and performing its duties efficiently and with credit. Any competent man, without arms, and with as good a clerk as you have, could perform the duties of the office better than you have done without any public scoldings.

☞ Democrats, you who do not feel like rewarding Greeley for his efforts to break up the Democratic Party, remember that no one is more responsible for his nomination than Hon. R. M Speer. He stated that he would stake his political existence upon his nomination. Will you vote for him?

☞ The *Globe* is still endeavoring to inflame certain Republicans against a portion of the regular ticket. We hope that no Republican will be stupid enough to place himself in bad odor with the party, for years to come, by taking its bad counsels. What is to be gained by such course? Nothing but political ruination!

☞ It is really very amusing to read the Democratic charges of corruption against leading Republicans. One would conclude, from a careless reading, that enough money had been squandered to exhaust the mines of California and Australia. But happily nobody believe such stuff. They always overdo the thing. Fudge!

☞ We are told that several candidates, on the Independent ticket, intend to decline. We hope they will discord the bad counsels of Messrs. Speer, Lewis & Co, and do so. The Republican party, in the future, will not forget them.

☞ The reports from all parts of the county indicate that the Republicans are solid for the ticket from top to bottom. Huntingdon will be good for at least 900 majority on the State ticket.

☞ McNeil made his arm sore, on show day, shaking hands with voters from the country. Myton had his arm shot off by a rebel bullet on the bloody field of Chancellorsville.

☞ Mr. Speer was an ardent advocate of the nomination of Mr. Greeley. Mr. Voorhees snubbed him for his ardor, and yet he will ask straight-out Democrats to vote for him.

The District Press on Mr. Barker.

"HE IS A PLAIN WORKING MAN."

He is a man of good judgment and unimpeachable integrity.—*Altoona Tribune* (Independent.)

He is a gentleman of character and integrity.—*Blair County Radical.*

He is upright and honest.—*Cambria Freeman* (Democratic.)

Firm in his views, wise in his counsels, patriotic in his endeavors, and unpurchasable in his character.—*Cambria Herald.*

The Cambria *Freeman*—(Democratic) says:

Of Mr. Barker we will say, that since he first came to this county, about 1855, he has been an industrious, hard-working man, and in all his business operations an enterprising and useful citizen—a man of untiring energy, not only in attending to his own personal affairs, always and on all occasions in promoting the interests of his party. He is a bitter Radical and has always been in full communion with all the heresies of that political church. Although he has amassed a considerable portion of this world's goods, it is but fair to say that in all his business transactions he is regarded as upright and honest.

The Ebensburg *Herald* says:

Mr. Barker is well known to most of our readers, and wherever he is known he is respected. None "name him but to praise." By the force of his native abilities, his industry, his patience, and his integrity, he has fought his way up the hill of life to an honorable and influential position.

Mr. Barker is a gentleman yet in the prime of a vigorous life. He came to this county in the year 1854, and has resided here ever since. He entered upon life without the advantages of wealth, but with the inspiration of a noble ambition in his heart, he went to work among the rugged forests of these mountains, and in the course of the years that have passed he has wrought out for himself an honorable competency. With himself too he has raised up others. He is one of the most enterprising business men in our county, and gives employment to scores of workmen. Many men have prospered largely by his enterprise. He has done more, vastly more, to develop the resources of Northen Cambria than any other man in it.

The ability and integrity of Mr. Barker have been recognized by his fellow citizens. In 1864 he was chosen to represent them in the XXXIXth Congress of the United States. He served them in that capacity for two years with distinguished credit, and his course there has always met the hearty endorsement of his constituency. The period of his public services was during the time of the fiery trials of our country—the dark days when fire and sword swept through the fairest portions of our land, slaughtering and destroying—the bloody ordeal that tried as in a crucible the souls of men—and through all that eventful and terrible period Mr. Barker stood manfully at his post, and by the wise patriotism of his voice and votes, he sustained the administration in its contest with armed Rebellion, and enjoyed the satisfaction of seeing the monster hurled to the ground defeated and destroyed. As has been well said of another of our noble standard bearers, Hon. Henry Wilson, "He did not desert his country in the dark hour of her peril; but was ever seen at his post devising means for the protection of the Government under whose shades he was natured and raised from obscurity to an enviable position in the eyes of the American people."

Mr. Barker is one of the pillars of Republicanism in this Congressional district. His name is a "tower of strength" against the enemies of Progress and Humanity. Firm in his views, wise in his counsels, patriotic in his endeavors, and unpurchasable in his character, he stands forth among us as pre-eminently the man for the position to which he has been nominated. That he can be elected is as certain as that the sun will rise to morrow.

The Altoona *Tribune*, (Independent) says:

HON. A. A. BARKER.—This gentleman, the nominee of the Republican Congressional Conference, represented this district in Congress in 1863-64. As a representative he faithfully fulfilled his trust, and gave satisfaction to his constituents. He is not a public speaker but that should be no objection, since less talk and more work on the part of Congress men would be an advantage to the country. He is a man of good judgement, and unimpeachable integrity. Socially he enjoys the respect and confidence of all who are acquainted with him. If elected he will no doubt faithfully guard the industrial interests of his district with which he is so intimately acquainted and in which he is deeply interested.

The Altoona *Radical* says.:

The business of the conference is finished, and it is the duty of the party to ratify its work.

We regard obedience to party rules as the only way to maintain party organization; and what we cheerfully do ourselves, we claim we can at least ask others to do. In asking, therefore, the solid Republican vote of this county for the nominee, we feel that we are making a re-acknowledgement of our friendship for our first choice, and we claim, further, that every friend of Mr. Blair who desires that he may yet occupy the position which we labored so diligently to give him in this canvass, will recognize the necessity of maintaining true fidelity to our organization.

Another reason, is because of the unmanly and disreputable manner Mr. Speer proposes to treat the brave soldier who heads our State ticket. It has been one of the most cherished principles of the Republican party to stand up for those who fought the battles of the country, and we cannot believe that any member of that party will reward by his vote, Mr. Speer, for his shameful abuse of General Hartranft. If Mr. Speer is elected, it will be by Republican votes. This district is politically against him, and those Republicans who vote for him will bear the shame of having rewarded one whose chief claim to Democratic support was his shameful villifying of a Union soldier.

Mr. Barker has had one term of Congressional experience, and while there his record was all that a Republican could desire. He has not the eloquence of Mr. Speer, nor the heart to slander a brave soldier. He is a gentleman of character and integrity, and while he may not possess the ability of Mr. Speer, he is incapable of coining slanders to blast the reputation of a good man. Mr. Barker is a plain working man, identified with the interests and prosperity of our people and recognized as the friend of the laboring man. He has the ability to properly represent the district, and although, not the choice of Blair county, is deserving of her full vote.

Miles Zentmyer, Esq., on Hon. R. Milton Speer.

The Independent Ticket—The "Monitor" to be Squelched—Speer's Hand upon an Antagonist "During Life"—How those are Marked who Refuse to Pull Right for the "Globe"—R. Milton Carries the Party in his Pocket—Democrats, you who have Stood by the "Monitor" for Years, will you Allow Mr. Speer to Crush it?

MR. EDITOR:—Will you permit me, through your columns, to make an unvarnished statement to the public? I ask this by stating that I am only influenced by a spirit which emanates from one who believes "that all power is inherent in the people," and all free governments are founded on their authority, and instituted for their peace, safety and happiness, and that free communication of thoughts and opinions is one of the invaluable rights of man; and *every citizen* may freely speak, write and print on any subject; being responsible for the abuse of that liberty. These declarations are the very foundation upon which rests the liberties and happiness of our people, and the man or men who dare to abridge them plunge a dagger into the very vitals of the nation.

Mr. Editor, I differ from you politically. I believe in a representative democracy as delineated by Thomas Jefferson. Convinced as I am that the principles he enunciated are the true and essential elements of a republican form of government, when I arrived at my majority (21 years) I cast my vote with the democratic party, because I believed then as I believe now that it reflects those principles. I cast my first vote with the democratic party when the dark days of rebellion overshadowed us. I did not seek the predominant party. I was sincere in my belief then, and I am sincere now, that the democratic party represents the principles enunciated by Jefferson, and reaffirmed by Jackson; and that upon those principles we must build our republic if we would have it endure. You, Mr. Editor, have your views upon these things, which you have a right to exercise, concerning which it is not my object to write. I only state these things to exhibit to my friends and others that I have no idea of abandoning the principles referred to or the party. I cling to those principles, or what I believe to be them, and hence am a hearty supporter of the democratic ticket, composed in part of liberal republicans, co-operating with them for its success from Horace Greeley down to the most petty office, with the *exception* of the Hon. (?) R. Milton Speer. Two years ago I was an ardent advocate for his election; I expected to work for his re-election, until recent developments evinced to my mind and others that while he possesses qualities which should exist in a representative, he also possesses a spirit which should not be characteristic in a representative of a free people. I will state why I think so, and why I will labor for his defeat in October.

Prior to our County Convention I was noticing somewhat the movements incident to the campaign. I saw certain movements which, to my mind, evinced the very plausible tale that a disposition was manifested on the part of the Hon. (?) R. Milton Speer to totally exclude the democracy of this county from participating in the coming campaign other than mere formula as to the best course to pursue. I raised my voice in protesting and cautioning against the dangerous precedent of a few persons acting or speaking (without authority) as the mouth piece of the whole party. In due time the Convention assembled, and it was deemed inexpedient and unwise to nominate a ticket; J. Simpson Africa, Esq., was elected Chairman of the County Committee and the Convention adjourned *sine die*. The following Monday, being August 19th, the editor of the *Monitor* was handed a ticket, the publication of which was demanded, to the exclusion of any other candidates who might perchance present themselves to the public for their suffrages. By accident I dropped into the *Monitor* office and was shown the ticket. I inquired of Mr. Cornman by whom was this ticket put up. He said he did not know. I immediately called upon J. Simpson Africa, Esq., and inquired of him what he knew about the ticket. He said that he knew nothing at all about it; that he had not been consulted, and that he had not seen it. I showed him the ticket, when he asked me who put it up; I of course could not tell him. J. Simpson Africa, Esq., called upon Mr. Cornman and interrogated him about the ticket and whether he purposed publishing it. Mr. Cornman said he had been requested to do so. Mr. Africa said "as Chairman of the County Committee I protest against your supporting, editorially, any set of candidates, to the exclusion of others, unless such candidates have been endorsed or recommended by the County Committee." Mr. Cornman adhered with firmness to the position taken by Mr. Africa. Advocated the same position, believing, I presume, as others did, the danger in having no recognized head in a party. The Committee was called; but during the interval from the call to the meeting of the Committee others, with myself, were assailed, represented as pursuing a course detrimental to the interests of the various candidates nominated.

In order that the voters of the county might understand the position we had taken, and that the misrepresentation might meet the fate they merited, I drew up, without dictation or solicitation from any one, the following resolutions:

Whereas, The approaching election is fraught with interest of vital importance:

And whereas, By the usage and custom of the Democratic party, State and National, in Convention assembled, placed in nomination able, honest, and pure men for the respective places of trust;

And whereas, The condition of our government, local and national, is such that the situation of political affairs demand the enlightened, calm and deliberate action of those opposed to the party in power;

And whereas, The Hon. R. Milton Speer has been nominated for re-election to Congress, in this Congressional district, and John M. Bally, Esq., and A. Reed, Esq., have been nominated as Delegates to the Constitutional Convention, in this Senatorial district; therefore

Resolved, That we, the members of the Democratic County Committee, in meeting assembled, earnestly appeal to the voters of this county upon the importance of unanimity of action and untiring zeal in securing the selection of our nominees.

Resolved, That we deprecate any movement which might dampen the ardor of any one from laboring and working for the election of the Hon. Charles A. Buckalew, or any of our candidates.

Resolved, That inasmuch as we are in a minority Congressional district and a minority county, we appeal to the good sense and fair judgment of the Democracy of this county to accede to and agree to any honorable arrangement by which we can obtain votes that will insure the success of *all* our nominees.

Resolved, That as the representatives of the Democracy of this county, in Convention assembled, deemed it unwise and inexpedient to nominate a county ticket, and in accordance therewith adjourned *sine die*—and that on account of the numerous candidates announced for the various positions, we approve of the position taken by J. Simpson Africa, Chairman, in not recognizing any other than the regular nominees until he had an expression of opinion from the Democracy of the county, through their committee, as to the course to pursue in this campaign.

Resolved, That as we have trusted him in the past, by this act of firmness in standing by the expressed wish of the Democracy in Convention assembled, that he is entitled to our greater confidence in the future.

Resolved, That we believe in the adage that "the pen is mightier than the sword," and that the success of any party largely depends upon the success of its party organ that J. S. Cameron, editor of the "Monitor," is deserving of the meed of the Democracy of this county for his persevering energy in building up the "Monitor" to its present respectable position, and as the "Monitor" has faithfully stood by the party, and has strengthened the hands of the Chairman of the County Committee in his endeavor to conform to and carry out the expressed desire of the party and the decision of this Committee; that we will stand by both of them in battling for the best interests of our party in the election of all our candidates.

Resolved, That we will calmly and dispassionately discuss such matters as may be for our consideration to-day, like freemen engaged in deliberating upon grave questions of importance to ourselves and those we represent, seeking only the furtherance of our party and the good of our country.

These resolutions I read before the County Committee, being a member of said Committee (which appointment, allow me to say, *was unsolicited and a surprise to me*) and I appeal to any reasonable mind to discover anything unjust in said resolutions. Other resolutions were substituted and adopted—resolutions which were foreign from those presented by myself. But the decision of the Committee having been announced, I acquiesced, concluding to abide thereby.

The evening of the day the committee met I had a short conversation with the Hon. (?) R. Milton Speer. The action of the committee was referred to, when he accused me of opposing him, which I had not done, stating at the time that I had not asked a member of the committee to oppose the ticket. He repeated his accusation, and added that he would *"mark me"* and that *"his hand would be upon me during life."*

Mark me! because I dared to exercise only an inalienable and indefeasible right. "His hand upon me during life!" because I would not cringe the supple knee and lend myself to be used as a pliant tool. Mark me! Surely not because I am not a strenuous advocate of the election of our State and National ticket; not because I am not a Democrat. Mark me! I who have always been a Democrat, and now struggling with misfortune to build up a practice in my profession. Pray, tell, why does the *honorable gentleman* single me out? Has he not the *moral courage* to *"mark"* those by whom I stood and whose position I advocated? Or would he wait a more opportune time—until after the October election—when, perhaps, by their influence he can be re elected—then does he intend to pour out the vials of his wrath upon the *Monitor*, and by the mighty power of a Congressman "crush out" of existence the hard earnings of the editor?—does he mean to mete out supposed justice to other Democrats?

Democrats and Republicans of this county and district, will you vote for a man to represent you who harbors such designs in his breast? The time may not be far distant when his strong hand might be upon you! The readers and voters of this county and district will discover, by a perusal of the above, and from their knowledge of late developments, that the Hon. (?) R. Milton Speer has exhibited a feeling in this whole matter which evinces the fact that he is not the man to represent the people of this district—that before he is entitled to their votes he must abandon worshipping at the shrine of self, or attempting to coerce others to do so.

I trust the voters of this district will exhibit to the *honorable gentleman*, at the ballot box, that whether they are poor or otherwise, they DARE exercise their rights, without any abridgment, other than that which is incidental to any well regulated society or government.

Respectfully,
MILES ZENTMYER.

News of the Neighborhood.—

Work is progressing rapidly on the new bridge and change of line in railrad at Saxton.

Sheriff Keyser of Bedford, started to Pittsburgh with Scott Monroe, on Tuesday morning of last week.

The masons are already at work on the foundation for the house of Superintendent Brown, at Bedford.

John W. Muttersbaugh, of Juniata, was nominated for Assembly by the conferees from Mifflin and Juniata counties.

It is said that one hundred carpenters will soon be at Bedford, to commence work on the round house and machine shops.

Concerning the prospects in Centre county, the Bellefonte *Republican* says: "We confidently assure the Republicans of Pennsylvania that here in Centre county, General John F. Hartranft is gaining strength every day. The infamous and libellous attacks of the Philadelphia *Press* are working him great good. He will poll an increased vote in this county."

On Monday morning last, as William Wertz, a young man about 17 years of age, was attempting to jump on a dinkey engine in Gaysport, Blair county, he missed his foothold, and fell with his foot on the track, the wheels running over and mashing it. The wound was dressed by Dr. G. W. Smith, two toes were amputated, but it is feared he will loose his foot. Another warning.

On Tuesday the 8th inst. about 7 o'clock, in the morning, a fire was discovered in the stable of Michael Walls, Hollidaysburg, when the alarm was given, and the Phœnix company was promptly on the ground but the fire had made such headway, and owing to the scarcity of water, the building was speedily consumed, along with one hundred bushels of corn, lot of coal, lumber, &c. Loss about five hundred dollars.

A nefarious attempt was made, one night a few weeks since, to fire the store of Lodge & Connelly, at Emmaville, Fulton county. A hole was bored through the dwelling in the neighborhood of a lot of combustible goods, and a train of candle wick, saturated with oil inserted. A bundle of matches was then ignited, but from some cause or other, the wick failed to catch, and the villian was thwarted in his plans to destroy a neighbor's property.

On Monday night last a collision occurred on the H. & B. T. road, near Riddlesburg, between the accommodation train and a freight train. The freight was running at full speed at the time. Both engines were badly used up, and several of the freight cars thrown from the track. The engineers and fireman of both trains escaped injury by leaping from the engine. No one was hurt in the slightest. The passenger did not arrive at Bedford until 2 o'clock on Tuesday morning.

Our enterprizing friend Mr. William Masters of Bloody Run, says the Bedford *Inquirer*, and a Mr. Holmes of Centre county, have embarked in the steam saw-mill business at Buffalo Mills, and expect in the course of a few days to have their establishment running with full force. They have purchased and leased a large lot of No. 1 timber land and feel confident that they will be able to compete with any other in the market. We have frequently alluded to the necessity of our frieds moving in the lumber business and we hope Messrs. Masters & Holmes will meet with that success which they deserve.

On the 26th of August, one of Wm. Shaffer's sons, of Rays Cove, Fulton county, while assisting at threshing, had his foot caught on the screw which attaches the tumbling shaft to the [illegible] crushing and lacerating the limb from the ankle to the knee, and fracturing it at two different points above the knee. He also sustained some serious internal injuries, as well as considerable contusion generally. The shock produced by the injury rendered him insensible for a time. Dr. E. J. Miller was sent for in post haste, and on his arrival found the nature of the injury such that amputation at the knee the only possible procedure which would likely be attended with any favorable results.

A Compliment to Our India Missionary.—

At the close of a lecture, on India, delivered in the M. E. Church, Shamokin, Pa., on Monday night, 9th inst., by Rev. J. D. Brown, Rev. Finley B. Biddle, in the name, and in behalf of the donors, presented to the lecturer, with a few well chosen words, a beautiful and costly gold watch and chain.—On the inside case the following is neatly engraved:

"Complimentary to Rev. John D. Brown, India Conference. From Brethren of the Central Pennsylvania Conference M. E. Church, September, 1872."

The watch is a fine Howard & Co. movement, adapted to heat, cold and position, and is valued at two hundred and twenty-five dollars.

We take special pleasure in saying that Rev. J. C. Clarke, our former townsman, now the efficient and popular pastor of the M.E. Church, Shamokin, Pa., has the honor of inaugurating and carrying through this generous project.

We are informed that Mr. Brown, with his wife and little daughter, are to sail October 23d for their distant field in which they have already spent nearly nine years. They leave two little boys, born in India, now eight and ten years old respectively, with friends in New York city to be educated. The sympathies of our readers will be with these earnest Missionaries in this severe trial, which they cheerfully endure for the Master's sake and for poor heathen India.

Almost Killed by Suffocation.—

On Tuesday of last week, John Rex and Brigham Young, while filling a lime-kiln, about half a mile below Mt. Union, went down into the kiln to level the stone. The gas and smoke overcame Young and he fell. Rex endeavored to save him but was unable to do so. He called for help and attracted the attention of a man named Loper who helped to extricate Young, but by the time this was done Rex was insensible and hid in the smoke. Loper, afraid to go down, lest he too might share the fate of the others, secured help from David Etnier's mill, and extricated Rex from his perilous position. It was several hours before the unfortunate men became fully concious.

A Woman Horribly Mangled by the Cars.—

On Tuesday morning, the 10th inst., as a Mrs. John Kensinger, of Stonerstown, Bedford county, was on her way to Saxton to do a day's washing, she was struck by a train of cars, knocked down, and almost instantly killed, some six cars passing over her, mangling her in a horrible manner. She leaves a large family of helpless children. A brother of hers was killed about five years ago by a train breaking through Rough and Ready trestle.

I hereby certify that I was cured of cancer, after suffering for sixteen years by Dr. J. T. Robinson, of Crestline, Ohio, after some twenty physicians had failed to benefit me in the least and had abandoned my case as hopeless. I am now perfectly well, and feel no symptoms of this much-dreaded disease.

Jane A. Brown, of Huntingdon, formerly of Mansfield, Ohio.

Congressional Conference.—

The Conferees of the 17th Congressional District met at the Logan House Altoona, ust 27th, 1872. Conferees present:

Blair—Wm. H. Gardner, John A. Lemon, Dr. W. S. Bitner.

Cambria—David Hamilton, Thomas Davis, C. T. Roberts.

Huntingdon—Dr. J. A. Shade, J. F. Thompson, S. P. Smith.

Mifflin—Dr. A. Rothrock, David Milliken, George Frysinger.

On motion George Frysinger, of Mifflin, was appointed chairman, and C. T. Roberts, of Cambria, secretary.

Hon. S. S. Blair, Hon. A. A. Barker, Prof. A. L. Guss, and A. F. Gibbony, Esq., were placed in nomination, each of whom on the first ballot received three votes. 150 ballots were taken on Wednesday and Thursday on a number of which Blair had 6, Barker 6, Guss 6, and Gibboney 5. On Thursday afternoon George Frysinger substituted Ira Thompson and Dr. Rothrock Wm. H. Swanzey.

On Friday, pursuant to adjournment, the conferees met in Lewistown, Mr. Thompson vacating his place. Balloting continued with results similar to the above until Saturday afternoon when an adjournment was made to Wednesday, 4th September. On that day conferees again met and ballotted until Thursday afternoon, A. F. Gibbony, who had been withdrawn, having been reinstated as a candidate, and Roland Thompson, Gen. John P. Taylor, James H. Mann, Samuel McWilliams, John A. Lemon, and R. A. McMurtrie added to the list. All of these received six votes each on the ballots taken and various scattering votes thereafter.

On Thursday afternoon an adjournment was made to Cresson, where the conferees met on Friday morning. The 280th ballot stood Blair 3, Barker 6, Gibbony 1, Mann 2; the 281st Blair 4, Guss 6, Thompson 3; and the 282nd Barker 8, Blair 4.

A motion to make the nomination unanimous was carried without a dissenting voice.

Mr. Barker then appeared before the convention and delivered a short address, promising to devote his time and energies for the honor conferred upon him. He was followed by Mr. Guss in a neat and appropriate address, when the conference adjourned sine die.

During the session of the conference various substitutes appeared—M. Alexander, Esq, for Bitner, Judge Irvine for Col. Lemon, W. H. Woods at one session for Dr. Thompson, and R. L. Gamble for Mr. Gardner.

George Frysinger, Chairman.
J. Alex. Moore, Secretary.

A Vote of Thanks—*A Handsome Compliment.*—

At the annual session of the "Grand Circle of the Brotherhood of the Union" lately held at Saxton, in the Odd Fellows Hall, those of its members who were fortunate enough to find accommodations at the Broad Top Hotel, in Stonerstown, presented to its obliging landlady, on the eve of their departure for home, the following well merited token of respect:

Stonerstown, August 24, 1872.

Resolutions of Respect to Mrs. Catharine Tricker.

Whereas the moment has arrived when we are called upon to retrace our steps towards that which is to us the dearest spot on earth, and

Whereas in so doing we are obliged to leave the hospitable roof of one who has administered to our wants, as a mother would care for her children, and,

Whereas, it would indeed be ungrateful in us did we now separate without giving expression to that gratitude of which we have become debtors on this occasion, therefore,

Resolved, That our thanks are due and are hereby tendered to the proprietress of the Broad Top Hotel, Mrs. C. Tricker, for the care and attention shown us while sojourning in her house.

Resolved. That we recommend the Broad Top Hotel to all who while absent from their own firesides desire to enjoy the comforts and luxuries of a home.

Resolved, That a copy of these resolutions be published in the *Scroll Keeper* and all the papers published in the counties of Bedford and Huntingdon.

Signed—G. W. F. Gray, James W. Rurling, Editor of *Scroll Keeper*, John A. Newman, John Mapston, Ed. L. Croft, Wm. H. Mother, N. H. Pearson, John R. Williams, John J. Keehner, John M'Goulick, Joseph P. Wattson, John L. Bowers, P. R. Cassell, Wm. G. Saul.

Editor Journal:—If I am permitted to live until the day of our October election, I will cast my vote for THOMAS W. MYTON, Esq., of Huntingdon, the Republican nominee for Prothonotary of this county,

Because he voluntarily aided, at the risk of desperate and wicked rebellion; and

Because, in thus bravely and nobly fighting for the salvation and perpetuity of Republican principles, and vindicating and upholding the permanency of our beloved country—the glorious American Republic—in its pristine purity, he lost *an arm*, and is thereby a cripple for life; and further,

Because he is diligent, attentive to business, and highly capable of performing, promptly and satisfactorily to the public, the duties of the office for which he has been nominated by the Republican County Convention; and

Because he is an honest and eminently worthy young man, and an upright and consistent christian.

Such a man, surely, cannot be defeated by an intelligent and discerning people, but on the contrary, will be supported and sustained by a grateful people—who are incapable of ingratitude—for services rendered in the defence of our homes and firesides. And I predict that he will be elected by the freemen of this county by a very large majority.

Mr. McNeil, the opponent of Mr. Myton, is the present Prothonotary, and is exceedingly anxious to be re-elected. He did *not volunteer* to serve in the Union army in defence of his country—he was, very probably, a neutral—hence he was not wounded in battle and is sound in his limbs, and boasts of having *both his arms* and able, from that fact, to handle the Records in that office. He never manifested any particular love for an undivided government when in peril during our late terrible war. He, however, volunteers himself as a candidate for re-election, and if I am not mistaken in the signs of the times he will be defeated. Radical.

Serious Accident and Tribute of Respect.—

Mr. Henry Kyler, a young man about 27 years of age, and son of George Kyler, near Mapleton, was killed on the 24. inst by the falling of a derrick while working with Mr. William Gayton, on the canal near Catawassa, Columbia county, Pa.

At a stated meeting, of Aughwick Lodge, No. 472, I. O. of O. F. held at Newton Hamilton, September 7th, the undersigned were appointed a committee to draft the following preamble and resolutions:

Whereas, it has pleased God in His Allwise Providence, to call from among us by the hand of death, our worthy brother Henry Kyler, who has been endeared to us by his attachment to our order, it now becomes our duty as brothers to mourn the loss, therefore, be it

Resolved, That in the death of Bro. Henry Kyler, his parents have lost an affectionate son, the community a good citizen, and our order a faithful member.

Resolved, That we sincerely and earnestly sympathize with the parents and friends in their bereavement, and that they may be supported by Him, who saith in six troubles I will be with you, yea in the seventh I will not forsake thee.

Resolved, That our lodge room be draped in mourning for the space of thirty days and that the members wear the usual badge of mourning for the same time.

Resolved, That a copy of these resolutions be forwarded to the parents of our departed brother, and that the same be published in two of the Huntingdon papers.

Money to be Made, and How.—

The Pittsburgh "Peoples Monthly," a beautiful 16 page illustrated paper for the home, absolutely gives away to each subscriber far more than its subscription price:—an attractive chromo in the sheet (if varnished, mounted ready for framing 25 cents more), or two choice home engravings, 24x30, or a trial of the paper for three months for twenty five cents, which is less than cost. What could be fairer? 'Tis a pure, bright, and very popular paper, liked by all who see it, universally approved by the press, and as the only illustrated paper of any size and pretentions in the West, it should be in every western family. Its "Household" and "Boys and Girls" departments are valuable features. Only one dollar and a half for a year. Good live agents on big commission wanted in every locality. Address "Peoples Monthly," Pittsburgh, Pa.

A Wreck on the Pennsylvan Railroad—*An Open Switch the Cause—Fast Line Runs into an Engine House—A Number of Persons Injured.*—

By special dispatch kindly furnished by the Western Union Telegraph Company, from Middletown, we learn that the fast line east, that passes that place at 3:40 a. m., was wrecked at the bridge about a mile below that place this morning. The train ran into the engine house by the switch being turned for a western train. The train was terribly smashed, and the cars piled up promiscously. Thirteen persons were injured, but not dangerously. The engineer had his ribs broken.

Since the above was received we learn from a gentleman direct from Middletown that although the engine of the fast line ran into the engine house, colliding with the repair engine standing there, the tank, express and baggage cars being piled on top, no person was injured but the fireman, brakeman, baggagemaster and one passenger, and they only slightly. The engineer and fireman expect to go out with the locomotive to-night. It is considered one of the most wonderful escapes from a serious and fatal accident that has ever occurred. The walls of the engine house were considerably damaged. A force of workmen was immediately set to work to clear away the *debris*, and a train of cars was furnished to convey the passengers to their destination.—*Harrisburg Telegraph, September 10, 1872.*

How to Go West.—This is an inquiry which every one should have *truthfully* answered before he starts on his journey, and a little care taken in examination of Routes will in many cases save much trouble, time and money.

The "C. B. & Q. R. R." running from Chicago, through Galesburg to Burlington, and the "C. R. I. & W. Route," running from Indianapolis, through Bloomington to Burlington, have achieved a splendid reputation in the last two years as the leading Passenger Routes to the West. At Burlington they connect with the B. & M. R. R. and form the great Burlington Route, which runs direct through Southern Iowa to Nebraska and Kansas, with close connections to California and the Territories; and passengers starting from Huntingdon county, on their way westward, cannot do better than to take the Burlington Route.

This Line has published a pamphlet called "How to go West," which contains much valuable information; a large correct map of the Great West, which can be obtained free of charge by addressing the General Passenger Agent, B. & M. R. R. Burlington, Iowa.

Perhaps no real medicine ever gained the rapid popularity which Castoria has done. One person relates their experience of its good effects to another. It is a vegetable preparation, perfectly harmless, pleasant to take; does not distress or gripe, but regulates the system, and is sure to operate when all other remedies have failed. Any person who has ever used Castoria for Stomach Ache, Constipation, Croup, Fatulency, Worms, Piles, or deranged Liver, will never again use nauseating Oil, Bitter Pills or Narcotic Syrups. The Castoria contains neither Minerals, Morphine nor Alcohol. By its soothing, quieting effect it produces natural sleep, and is particularly adapted to crying and teething children. It costs but 35 cents, and ore bottle will save many dollars in doctor's bills. sept.11-4t

Take Care of Your Health

Warm weather of itself is exhausting upon the system, but when we conbine with this severe toil, there is a fearful drain upon the energies which must be sustained by liberal diet and judicious habits.

In the first place, every hard worker must sleep well. The brain and muscles are refreshed and strengthened by sleep, and it should never be less than seven or eight hours out of twenty-four, at least, when there is a severe drvin upon the sys tem.

Boys and girls need more sleep than adults, but all should have what nature demands, or there will be a weakening of the vital forces.

What a blessed restorer is sleep, even to the poor debauchee; it comes to him like an angel of forgiveness, clears his muddy brain, binds up his wounds, and he awakes a sane man, with only enough of yesterday's excess hanging about him to remind the foolish young man that he is violating the laws of his being, and if he would preserve his health must reform his habits.

The food must be nutritious in proportion to the labor performed. The farmer can never perform his long-continued muscular efforts unless his muscles are constantly renewed. Every effort wears out the muscle, and it is thrown off as dead tissue by the skin, kidneys, lungs, etc. This worn-out matter must be supplied by the blood, and the blood is made from the food which we eat.

The food should be of that kind which is nutritious, and at the same time not exhausting on the stomach—bread, vegetables (well prepared), rice, cheese, beef, mutton and milk will probably prove the most available—avoid salt meat of any kind, and particularly salt pork.

Those who are exposed to the sun should be careful not to drink too much of cold water; all cold drinks should be taken moderately, and not when the system is much heated.

All alcoholic drinks must be shunned as you would poison or the leprosy. They stimulate for a short time, but are followed by a prostration of the energies which will result either in disease or a debilitated condition of the system.

A large amount of waste matter is thrown off by the skin. Several pounds of dead tissue is daily excreted, so that the skin should be washed with soap and water, and well rubbed with a dry, coarse towel every night. This will produce sound and refreshing sleep, and leave the skin in a healthy condition to do its part the next day.

Never wear at night the shirt worn through the day. It keeps the dead secretions upon the skin, prevents its healthy action, throws too much labor upon the kidneys, and is the fruitful source of disease.

By carefully observing these hygienic principles it is possible, even for farmers, to go through with their exhausting labors in harvest and not be seriously injured, or very much prostrated.

Coal-Tar in Preserving Timber.

Salt is employed, in numerous instances, as a preservative of timber, where a coat of coal-tar would be far more effective. Water and dampness will dissolve salt, and after a few years repeated applications of water will wash away all the saline material. Salt is frequently employed between timbers which are laid one above the other, for the purpose of promoting the durability of the timber, and also for repelling certain insects which are liable to bore into the wood, to the great damage of architectural structures. But a generous layer of coal-tar between timbers, will not only repel insects, but will preserve the timber from decay for ages. The sills of all buildings that are placed on a foundation wall should be thoroughly smeared with coal-tar, especially on the under side; and the tenons and mortises should also be covered with a heavy coat where the timbers are united. By this treatment, any water that might fine a passage into the joints will be effectually excluded. The upper side of sleepers of barns and other out-buildings should always be daubed befor the planks are laid down. When the ends of sleepers are placed in gains, it will pay well in promoting the durability of the timber to smear both the gains and the ends of the sleepers before the latter are put in their places. Coal-tar can also be employed with satisfactory profit in smearing the tenons and mortises of gates and joints of some styles of fence, where two surfaces would be liable to retain moisture. When building piers and bridges, a barrel or two of tar applied to the joints of the timbers would often save thousands of dollars. Bridges and piers always begin to decay first at the joints. When joints are not painted or smeared with tar, water will find its way into them; and, as the moisture will be retained for a long period, the timber will soon commence decaying. Bridges rarely wear out; but they fail on account of the premature decay of portions of the timber, which a generous coat of coal-tar would preserve from decay for many years.—*Industrial Monthly.*

Give Water Freely.

Horses and oxen at work need water often. The plowman carries his jug of water or leaves his team to rest while he goes to the house for a drink. But the team works harder than the man, probably needs drink as often; yet many teams are taken out in the morning, to the field, where there is no water except in the driver's jug, and worked five or six hours before they can get a drop. Is it any wonder that they are injured by drinking too much when led to the spring at noon? As an act of kindness to the horses and oxen that serve man so faithfully and as a matter of economy, we recommend that in all cases where water is not in, or near the field, in which the team is at work, a tub or barrel be furnished, and glled with water as regularly as the plowman's jug. This with a bucket may easily be set in the wagon and taken to the field, and the team should be permitted to drink once at least every half day, and oftener if the weather is warm. If every one would adopt this plan we should hear no more of "water founder." The teams would be more vigorous and hardy, and perform more labor for their owners.

THE MOST VALUABLE PATENTS EVER USED IN PIANO-FORTES.

PATENT ARION.

REVERSED WOODEN AGRAFFE.

THE COMPOUND REST PLANK.

THE FULL IRON FRAME.

AND THE SUSTAINING IRON BAR.

A FEW REASONS

WHY THE

ARION PIANO

IS SUPERIOR TO ALL OTHERS:

The ARION PIANO-FORTE has greater power than any other Piano-Forte manufactured.

It will Stand in Tune Longer,

and in its mechanical construction it is more perfect, and, therefore, more durable, than any instrument constructed in the usual modern style.

The arrangement of the Agraffe, the manner of stringing, the peculiar form and arrangement of the Iron Frame

SUPERCEDES ALL OTHERS.

The use of a bar (which is a part of the Iron Frame on a line with the heavy steel stringing,) gives

GREAT STRENGTH

where most needed, and in this respect all other pianoes fail.

The construction of the WREST PLANK, into which the tuning Pins are inserted, is such that it is impossible for the pins to come loosened, or the Wrest Plank itself to split, as is too often the case in other Piano-Fortes.

The Extraordinary Evenness

throughout the scale, the excellent Singing Quality, the

LENGTH AND PURITY OF VIBRATION,

all go to prove what we claim, viz: that the

ARION PIANO-FORTE

Is the Best Instrument Manufactured.

THE NE PLUS ULTRA OF

universally acknowledged to be the BEST Organ made for Sunday Schools, Churches, Parlors and Lodges.

Having more power, with a sweeter tone, than any other Organ in the market notwithstanding the representations of agents interested in the sale of other Organs, *we do fully warrant every Organ for the period of five years,* (*at our own expense.*) We have no agent in Huntingdon at present, therefore all who may want one of the best Organs extant may receive, by corresponding with us, a price and descriptive list from which a selection may be made, to which we will give our personal attention, and guarantee satisfaction,

PURIFY YOUR BLOOD.

DR. CROOK'S COMPOUND

SYRUP OF POKE ROOT.

Wherever Poke Root grows, it has a local reputation as a Blood Purifier, and for the cure of Rheumatism. With all this local reputation, and the praise of distinguished Physicians, (Drs. Coe, Lee, King, Wilson, M. Hunt, Griffits, Copland and others,) who have tested its medical powers; it has been neglected by the profession at large, as much through a want of a proper appreciation of its merits, as a knowledge of the proper way to prepare it for medical use. Dr. Oliver Crook, (a physician who devotes his entire time to the duties of his profession), has fully tested the active medical qualities of Poke Root during the last 25 [illegible] Dr. Crook's Vinegar Bitters have shown their great curative powers in the most obstinate and intractable cases, more appropriately—for diseases depending on a depraved condition of the blood,—than any and all other articles named in the Materia Medica. Under his instructions our Chemists have combined the active medical qualities of Poke Root with the best Tonic Preparation of Iron, and we offer this preparation to the public under the above name.

VINEGAR BITTERS—PURELY VEGETABLE—FREE FROM ALCOHOL—

DR. WALKER'S CALIFORNIA VINEGAR BITTERS.

Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulents. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Fructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Depepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible
